James Bohls resigns; is 'going home'

James Bohls, football coach at Hondo High School for the past eight years and head coach since 1972, has resigned his post to accept the Athletic Directorship and head coaching job at Pflugerville.

He will be returning to his alma mater, and the scene of his high school exploits as a member of three of the Pflugerville football teams which combined to win 55 straight games.

During James' three-year football career (he didn't play as a Freshman because of injuries in an automobile accident), he never experienced defeat. He graduated in 1962, after Pflugerville had won 45 straight games, including three straight Regional championships.

The following year, the streak was to be broken in a bi-district game against Holland, Texas.

James and his family will be moving to Pflugerville this summer following the end of the school year.

"My duties, in addition to head coach, will also involve the Athletic Directorship," said the red-headed Bohls.

That post will give him authority

to allocate the athletic budget in Pflugerville, plus equipment ordering and administrative duties within the athletic department.

"Pflugerville is active in all except baseball. That includes football, and boys and girls basketball and track.

"I will assist the school system in hiring two additional coaches," Bohls added.

"There are five coaches in all -- a junior high coach who will remain there; a girls coach, who also will remain; two assistants, and a head coach in high school."

In addition to his coaching, James expects to be teaching in the classroom as well.

Pflugerville, Class B during James' high school career, has recently enlarged to Class A status. In two years, says the coach, Pflugerville can be expected to rise to 2-A size. This season there will be over 300 students in the system.

James will replace the man who coached him in high school -- Charles Kuempel (who coincidentally once taught in Hondo), resigning after 18 years as head coach. Kuempel may remain in the school system in a teaching capacity.

The Bohls family is of mixed emotions about the move. They've enjoyed the years in Hondo, but both James and his wife, Barbara, are from the Pflugerville area. Barbara's parents live outside Elgin, James' in Pflugerville.

Voters say 'no'

The few Hondo voters who voted Saturday in the bond election expressed their opposition to the proposals in no uncertain terms.

Approximately 472 persons cast ballots and turned down both the golf sprinkler system and the library building. In the property owner section of the voting 425 said no to the golf course issue while only 37 approved. On the library 406 voted no and 53 said yes.

In the non-property owner box only 10 votes were cast and they went in block against both proposals.

CHILI CHALLENGERS

... Sen. Barry Goldwater and Sen. John Tower have been offered a place to stage their chili cookoff, and they can be safe in the fact it will be neutral ground.

Since Hondo is known the world over as "God's Country", the Hondo Chamber of Commerce felt it would be an ideal place for the two Senators to settle their boiling feud on which one can prepare the best chili.

So, the two Senators received a telegram which in effect said: "The Hondo Chamber of Commerce invites you to enter a chili cookoff with each other at our Museum Celebration Day May 4 in Hondo, Texas."

And since the two have slung words over which one can best recognize that substance found in every corral the world over, the telegram also added: "We will also provide corrals filled with appropriate materials for you to judge."

A spokesman for the Chamber tourist committee said, "We haven't received any word from the two distinguished senators yet, but we are ready to hang out the chili pot when they are."

But, somehow, Lelia and Joe, that note just managed to get lost in what some people have termed the worst junk pile in Medina County -- my desk. Yet, Hurrah, at last I found it.

Judge proclaims special FB Week

February 11-15 has been proclaimed "Farm Bureau Week" in Medina County by Judge Jerome Decker.

In observance of the week, Medina County Farm Bureau will have a special membership enrollment drive during the month of February. The statewide effort will attempt to exceed last year's total of 152,380 member families. Medina County ended its 1973 year with 1024 members.

The kickoff breakfast for the membership drive will be Feb. 21 at the New Frontier in Hondo, Medina County directors and special guest are to attend this breakfast.

Ralph Graff of Hondo is president of the local county Farm Bureau. Membership Chairman is James Riff of Hondo.

The county president said farmers and ranchers need an organization more than ever before.

"We producers need a stronger organization to help solve problems in marketing, agricultural public relations, taxation, as well as other matters affecting our net income," Graff said.

Farm Bureau helps to unite producers in their efforts to solve problems. One particular example of such an effort was January 29, Mike Smith, of D'Hanis, Dr. Winthrop Duty, Mrs. Robert Faseler, and Stella Mumme, of Hondo, attended the Finance Committee of the Constitutional Convention in Austin to make statements of the feelings and views of the local farmers and ranchers in Medina County in relation to the taxation of land. The Farm Bureau favors the adoption of a provision in the Texas Constitution which specifies that agricultural land shall be assessed for tax purposes according to its productive value.

Part of the proclamation issued by Judge Jerome Decker reads: "Agriculture is vital to the economy of Medina County, our State, and Nation. Many of our citizens are dependent directly or indirectly upon agriculture for their livelihood. All of our people benefit from the productive efficiency of modern agriculture." "Farmers and ranchers have learned to promote

Stella Mumme, Hondo, is Information and Public Relations Chairman.

Band Boosters set dinner concert

The Hondo Band Boosters will have their Annual Turkey Dinner and Band Concert this Sunday, February 17th, at McDowell School.

A Turkey Dinner with all the trimmings will be served from 11:00 a.m. to 1:00 p.m. followed by a Band Concert at 1:30. Admission for both the Dinner and Concert will be \$1.75.

All of the Hondo Bands will be presented on the Concert that will include interesting and varied selections. The Bands to perform will be the 5th Grade, McDowell Jr. and High School Blue Band directed by Billy Harrell and the 6th Grade and High School White Band directed by Dennis Smith.

Everyone is invited to attend the Dinner and Concert and support the Band Program. The Co-Chairmen for this year's Dinner are: Mr. and Mrs. John L. Graff and Mr. and Mrs. Wilbur Lindeburg.

Food will be available to go.

Council calls city election

An election to elect three city councilmen was called by City Council Tuesday night for Saturday April 6.

Councilmen whose terms expire this year are C. P. Chapman, G. E. (Pete) Pedroza and Bud Gwartney.

Action also was taken to re-appoint Buck Gresham, Tony Mendoza and Robert Van deWalle to the Board of Equalization.

Board answers fail to satisfy the 'protestors'

Another large group was present code. One, Armando Dominguez, at Tuesday night's Hondo School said he thought the Board was doing the right thing, and that the Board of Trustees meeting.

But after more than two hours of dress code was good for the discussions, charges, and counter-shouting. Challenged that the hair-length standards apply more to Chicano students than Anglo, Leinweber said his own son had been sent home because of his long hair, and that he had cut it.

Discussion centered around the list of ten demands put before the Board January 29 in a special meeting. Bilingual education will begin in Hondo schools next school year, and the school system will continue to visit colleges and universities to recruit Chicano teachers.

At the close of that meeting, Board Chairman Elmer Joe Leinweber had said that the demands would be answered at the next regular meeting, which came Tuesday night.

By Tuesday night, none of the specific charges against school personnel which had been promised by the group had been received by the School Board. Without them, Board members refused to take any action on the demand concerning harassment of Chicano students by teachers and school employees.

The Board did take the following measures concerning the demands:

•Students may speak Spanish any time they wish, except in actual classroom presentations.

•The dress code will continue unchanged; even to the allowance of short-hair wigs if they conform to school standards.

Parents attached the Dress Code and hair-length requirements as being economically difficult to follow for the children of poor parents.

"If you would provide us with jobs, maybe we could afford nice things for our children to wear," said one parent.

Leinweber answered that good schools with sharp-appearing students can do much to attract industry that supplies new jobs.

Poerner hopes for viable constitution for Texas

An area of great concern in the Texas Constitutional Convention, and certainly one with which we all have the most contact, is local government.

Committee members are faced with writing an article which will be in keeping with the people's interests and at the same time provide them with local government that is workable.

They heard citizens discuss areas in the proposed constitution that pertain to both cities and counties.

One proposal would authorize municipalities of not less than 1500 population to vote in a charter. Some people feel this figure should set at 5,000 and all cities under that figure would be governed by general law only.

Under the new proposal, residents of any small municipality could decide its own form of government. They could, to a great extent, decide their ability to tax themselves, issue bonds and do the myriad of other things people to in governing themselves under law and charter. Cities under the 1500 figure may levy, assess and collect only such taxes authorized by general law.

A school of thought which supports this proposal is that the people of any given municipality would know better how to govern themselves rather than being forced to follow an inflexible statewide law.

Another area receiving concentrated attention from witnesses has been

the proposal to permit cities and counties of more than 50,000 population to vote in a form of metro government. This means they would, naturally, combine their separate service, tax assessment and collection garbage disposal and many others.

The proposed constitution would allow Commissioner Courts to provide for the election of one or more constables. But one proposal has been thrown into the hopper that spells

this out more clearly by saying constables would come from different precincts.

Debate will continue both in committee and the floor of the Convention, and at the end we hope to pass on to the people, for their approval or disapproval, an approach to local government that will provide flexible and responsive guidelines which can give the people a strong hand in providing themselves the best local government possible.

Commissioners meet in regular session

The Medina County Commissioners met in regular session Monday February 11 at the Court House in Hondo.

During that meeting the following business was transacted:

Approval of the Tax Assessor-Collector's supplemental roll;

Signed a resolution cancelling a portion of FM 471. An appropriate minute order declared 2.19 acres surplus and requested the Governor to execute a quitclaim deed to Gerald H. Nickel, et. al.;

Tabled a request by E. L. Abbott and Harlan Wolff for County's \$1,000 donation to the ASD and Soil Conservation District. This amount would be met with an equal amount from the Federal Government. Current expenses such as secretarial costs, printing of literature are met with this donation.

A friend of ours says he's read so much about the terrible effects of smoking that he's decided to give up reading.

Our dictionary defines tax office as a den of inequity.

practicing on that surefire "tell'em and never blink eyeball to eyeball" approach. And they had better have all their promises memorized so that they can say them the same everytime or they just might be the fish that gets caught in their own net.

The man who once said "these are times that try men's souls" must have gazed into a time machine and visioned 1974. Our country faces one of the most challenging crisis it has encountered in nearly 200 years of existence. To meet this crisis head on will take men of dedication, men of wisdom, men who are willing to give unselfish service to their city, state or nation.

These requirements hold true for every office from city councils to the president of the United States, and we can only hope that every person who fills these offices feels the same. And we can also hope that those of us who are plain citizens can learn again to follow.

So after all the tub thumping, after all the rhetoric, after all the speeches, after all the news releases, let's hope we can go to the polls and select those persons who will fill these vital requirements.

But after it's all said and done, let's also hope that as citizens of this great country we weren't remiss in our bounden duty -- let's hope we all voted.

WORLD WIDE PUBLICITY

. . . is in store for Hondo with the publication of the new South Texas Chamber of Commerce Tourist brochure. For on the back page of that attractive publication is a beautiful color shot of the Medina County Museum with the following information: "HONDO-The Medina County Museum, housed in the Southern Pacific depot built in 1897, depicts the county and area history. Open daily Memorial Day through Labor Day-- weekends only the rest of the year. First Saturday and Sunday in May features Celebration Day and Antique Auction, Chili Cook and Art Show. A Garden Club city, Hondo boasts of a famous road sign, golf course, dinosaur tracks, airport, historical sites and World Champion Corn Shuckers."

Some 100,000 of these were printed and will be distributed through Texas Highway Department Tourist Information Centers and at various travel shows throughout the United States by the Texas Tourist Development Agency.

Inclusion in this outstanding publicity material was made possible by the foresightedness of the directors of the Hondo Chamber of Commerce and should in years to come place the name of our city in many, many places.

REP. JUMBO ATWELL

. . . of Dallas and Austin at times told me in no uncertain tones in Austin some weeks ago: "You can bet your last jalapena pod that I will be in Hondo for the big Chili Cook held with Museum Celebration Days."

In fact, Jumbo said we might not recognize him, for he's bringing a new image. He wouldn't tell me exactly what he's going to be, but I got the suspicion that he might ride in on an "Atwell Wagon".

Judy Schumann, who has signed on as the main ramrod of this colorful, entertaining, event, tells me she and Bill Green have sent out many invitations to judges, contestants and hangers-on.

"We have the following judges who say they'll be here," Judy said, listing: Enrique Vasquez of Uvalde, Allen Lee and Henry M. Finger of Hondo, Whitey Zinsmeyer of D'Hanis, Howard Wallace of Devine, Buddy Bray of Baytown, Gus Hannahs of San Antonio and Lorene Billings of Tarpley [I'm sure Rocky Sedgwick will quickly take credit for this representation of the Tarpley Downtown Chamber of Commerce, and we sincerely hope it brings all the Tarpley Jet Set down for the shindig.]

Keep up the good work, Judy. We'll be looking forward to a fine time.

You can make a five-minute call to New York for:

\$3.94 \$2.54 \$2.19

A three-minute person-to-person call costs the same, no matter when you phone. But rates for extra minutes are lower between 5 p.m. and 8 a.m. Monday through Friday and all hours Saturday and Sunday.

That's the rate for a credit card, third number or collect call Monday through Friday, 8 a.m. to 5 p.m. The same rate applies on calls from coin phones or hotels.

Dial your call One-Plus Monday through Friday between 8 a.m. and 5 p.m.

Poerner hopes for viable constitution for Texas

An area of great concern in the Texas Constitutional Convention, and certainly one with which we all have the most contact, is local government.

Committee members are faced with writing an article which will be in keeping with the people's interests and at the same time provide them with local government that is workable.

They heard citizens discuss areas in the proposed constitution that pertain to both cities and counties.

One proposal would authorize municipalities of not less than 1500 population to vote in a charter. Some people feel this figure should be set at 5,000 and all cities under that figure would be governed by general law only.

Under the new proposal, residents of any small municipality could decide its own form of government. They could, to a great extent, decide their ability to tax themselves, issue bonds and do the myriad of other things people do in governing themselves under law and charter. Cities under the 1500 figure may levy, assess and collect only such taxes authorized by general law.

A school of thought which supports this proposal is that the people of any given municipality would know better how to govern themselves rather than being forced to follow an inflexible statewide law.

Another area receiving concentrated attention from witnesses has been

the proposal to permit cities and counties of more than 50,000 population to vote in a form of metro government. This means they would, naturally, combine their separate service, tax assessment and collection garbage disposal and many others.

The proposed constitution would allow Commissioner Courts to provide for the election of one or more constables. But one proposal has been thrown into the hopper that spells

this out more clearly by saying constables would come from different precincts.

Debate will continue both in committee and the floor of the Convention, and at the end we hope to pass on to the people, for their approval or disapproval, an approach to local government that will provide flexible and responsive guidelines which can give the people a strong hand in providing themselves the best local government possible.

KRME dance Monday

The annual KRME dance and party will be held Monday, February 25th, in the Hondo National Guard Armory. A total of eight bands will be on the program and about 150 invited guests will attend.

Guests include local governmental representatives, school officials, law enforcement personnel and KRME advertisers.

The five girls running for 1974 KRME Queen and their parents will be special guests of the radio station.

Representing this area in the Queens contest will be 16-year-old Yolanda Ramirez, of Hondo. She is an eighth grade student at McDowell School and the daughter of Mr. and Mrs. Marcial Ramirez, of 1214 Avenue P, Hondo.

The present Miss KRME is Anna Cortez, of Devine.

The event, which began in 1972, has grown in just

three years and this year will mark the first time the station will hold the dance and party in separate buildings.

The change was made necessary to accommodate the anticipated crowds.

The luncheon party for invited guests will be held at the Hondo American Legion Hall with serving beginning at 7 p.m.

The dance will also begin at 7 p.m. in the National Guard Armory.

Among the groups scheduled to appear this year are Ram and Henry, Johnny Canales, Joe Mejia, Los Unicos, Gilbert Rodriguez, Los Peppers, Freddie Martinez and the Mexican Revolution.

Admission is \$4.00 for adults, \$2.50 for students under 12-years-old, and \$7.00 for couples.

Doors will open at 6:30 p.m. and the dance will start at 7 O'clock.

The highlight of the night will be the crowning of the 1974 KRME Queen.

Chamber Corner

Leroy Miller represented Hondo at Jourdan's Chamber of Commerce and Auxiliary Banquet held February 2. Glad to spread Hondo around and help our neighbors to the south. Victor J. Pesek was Man of the Year down there. He is a local Jourdan farmer and a graduate of A&M. Speaker at the banquet was George H. Vahey of San Antonio.

Again, we'd like to offer a big "Thank You" to all the Hondo merchants and individuals who cooperated so beautifully in the Stock Show Pool!

Jobs seem to be on everybody's mind these days, and we've been busy keeping track of them all.

Job orders totaled 3; Referrals, 17; Applications, 16; Call-in cards, 73; Youth Corps and Mainstream Programs, 2; and one other Job call.

Housing and Building space were high on the agenda last week, too. Requests numbered 2, referrals 10, and other housing calls included 6 calls.

Thirteen people wanted Medina County Trails Maps -- still a hot item. Five asked for other maps, brochures, and cards.

Nine requests for 1974 hunting came in, and twelve miscellaneous requests were logged.

New members include Debbie Rios and Winn's of Hondo. Welcome to the Chamber of Commerce!

Many requests for housing this week--four of them. Twelve referrals.

Jobs--5 orders, 42 referrals, 7 applications, 45 cards, 12 for Youth Corps and Mainstream, and 16 other job calls.

Medina County trails Maps--21 requests. Other

maps and brochures, 5. Five more requests for 1974 hunting. Social Security and Driver's License--2. Phone numbers--5. Other requests, 9.

Received a donation from Mr. and Mrs. Robert S. Bende. Thanks!

"Dear Sirs: I am interested in buying an interest in or obtaining outright an established insurance agency."

"I am particularly interested in Hondo as being the area within which I would like to live and work."

"If your cooperation in giving me any information you can garner concerning this matter it will be greatly appreciated. Sincerely, Jack Waggoner, San Angelo, Texas."

no satisfaction, you should go to the Principal. Then, if still not satisfied, to the Superintendent. Then, to us."

"We feel like there isn't harrassment," said Superintendent Flory. "If there is, then it's going to be stopped." But the Board declined to take any general actions until specific charges are brought, in writing, concerning harrassment reports.

The group proposed a committee of parents who, with the Board, would investigate harrassment and abuse complaints. But the Board replied that it was capable of investigating them, given specifics.

The Board policy concerning presence of police on school campuses was amplified Tuesday night to the following position: "No police will be allowed on campus unless the judge issues a warrant, or if the matter is urgent. Even then, they will wait until school is out, or else notify and obtain permission from the parents of the person they wish to arrest, prior to coming on campus."

County Judge Jerome Decker was on hand to answer charges that he had ordered a student arrested without the parents' consent.

Decker said that he contacted McDowell Principal Ed Hilsher by phone prior to the arrest, and that the student's parents had been in his office as he did so.

The student's mother claimed they were notified, but not asked for permission. The father was not present at the meeting.

A demand regarding forcing students to eat all their food met the following response:

"We want students to eat a proper diet," said Leinweber, "but often students in the lower grades would rather go play than finish eating. We will continue to have teachers encourage, but not force, students to eat all their food." The Board did not elaborate on the measures teachers could or could not use.

A controversy over use of baseball bats in paddling students brought a confrontation between McDowell Principal Ed

Hilsher and the parent group. Hilsher displayed a foot-long paddle, made from a baseball bat planed down to about a half-inch thickness, and declared that it was the only one he had used in ten years. Several students and members of the group said he had another, longer paddle with holes in the end, which he used.

Hilsher reiterated his claim, and offered to undergo a lie-detector test to show he was telling the truth, if the other witnesses would also undergo the test.

Asked if a group of parents and Board members could search his office that night, Hilsher agreed.

In any case, no direct action was taken by the Board in the matter. The policy of corporal punishment will continue, said Leinweber.

The final demand, concerning use of abusive language by school personnel toward students, met with the request of the Board for specifics. Without specific charges, no action could be taken.

At that, the group's spokespersons expressed dissatisfaction with the Board's response, and left the room en masse.

No indications were given by either side on what, if any, action will be taken in the future.

After accepting a \$6,203 bid by Crane Supply Co. of San Antonio for a portable lift station for the sewage department councilmen discussed the need for a new treatment plant and asked when the engineer Lodol and Bain were going to come with something definite.

Superintendent Elmer Faseler said the engineer Henry Bain is working on it and both Chapman and Mueller voiced an opinion that "it's time to start the planning and if he doesn't want to get on with it then we should look for another engineer."

Council authorized Faseler to advertise for bids on a new pump which is used to pump water from the system to irrigation land leased by the city.

Hilsher reiterated his claim, and offered to undergo a lie-detector test to show he was telling the truth, if the other witnesses would also undergo the test.

Asked if a group of parents and Board members could search his office that night, Hilsher agreed.

In any case, no direct action was taken by the Board in the matter. The policy of corporal punishment will continue, said Leinweber.

The final demand, concerning use of abusive language by school personnel toward students, met with the request of the Board for specifics. Without specific charges, no action could be taken.

At that, the group's spokespersons expressed dissatisfaction with the Board's response, and left the room en masse.

No indications were given by either side on what, if any, action will be taken in the future.

Mr. Burnis Lawrence,

What is this world coming to? First someone tries to tell us when and how to cut our boys' hair, now we are being told when and how much we can talk. Did you ever try to make a woman stop talking? (I mean Yacking?)

After accepting a \$6,203 bid by Crane Supply Co. of San Antonio for a portable lift station for the sewage department councilmen discussed the need for a new treatment plant and asked when the engineer Lodol and Bain were going to come with something definite.

Superintendent Elmer Faseler said the engineer Henry Bain is working on it and both Chapman and Mueller voiced an opinion that "it's time to start the planning and if he doesn't want to get on with it then we should look for another engineer."

Council authorized Faseler to advertise for bids on a new pump which is used to pump water from the system to irrigation land leased by the city.

Trustee election

A trustee election for the Hondo Independent School District was called Tuesday night for Saturday, April 6, 1974.

The election will fill three places now held by incumbents Lloyd Hardt (Place 5), Jack Been (Place 6) and Judge Sandusky (Place 7). All three men have announced they will seek re-election.

Supt. Kenneth Flory said the 1974 election will be held in the Audio Visual Room at the High School.

Deadline for filing in this election is 4:30 p.m. March 6. Interested persons may file with either Secretary of the Board Jack Been or at the Business Administration office.

In other action Tuesday, the Board re-elected principals -- Bob Nations at high school, Bud Woolls at Meyer Elementary, and Ed Hilsher at McDowell -- to two year contracts and renewed the one year contract of counselor Richard Lynch.

Local kite-flying enthusiasts didn't wait to be told to "go fly a kite." The skies have been filled with kites of every shape, size and color for the past week or more. At one of the city parks along the bay, gulls watched the maneuvers, took chances in darting among the impostors and their cries might have been interpreted to mean, "Aw, we were here first."

Adding to the color overhead were the "rag sailors" frolicking across the bay's blue, blue waters with boat sails directed as the winds willed. It was a good day to be alive, to be aware, to enjoy the sounds, the smell of the gulf breeze, the just-right warmth of the sun and the panorama of nature's art gallery offering special showings just for the looking.

Robin redbreasts have been with us since September and vacant lots all the way to the shoreline are often carpeted border-to-border with flocks of the visitors. Soon they will be on their way north from Central America, old Mexico and south Texas to become the harbingers of spring in the northerly parts of our USA.

On my last visit to Youngstown, N.Y., three years ago, I heard children shout, "I saw the very first robin today!"

One sports writer recently said that "Robins make fine eating. Prepare them like quail." I prefer to let them hop about like robins on the job predicting change of seasons.

How shall Medina County count the ways to thank RUTH LAWLER for her thoughtful and very generous gift to the Texas Parks and Wildlife Department?

This is further proof, if indeed any were needed, of her devotion for dedication to her adopted hometown. She has met the many responsibilities of public office and trust which she has held with enthusiasm and determination to get the job done for the civic welfare of her community.

St. Peter probably has secretaries working overtime pasting up all the gold stars in Ruth's ledger sheet. I hope they manage, somehow, to add that she did it all willingly and cheerfully, with her inimitable laughter to express the joy she must have felt, however unwieldy the task now and then.

Even people with a flair for imports would be against the threatening spread of imported fire ants in Texas.

A current USDA report says the pesky things, originally natives of South America, can now be found in one-fifth of our state's counties. Last year they invaded Bandera County and now cover a line roughly from Corpus Christi to Texarkana.

Almost 8½ million acres are on the federal-state program control for 1974. Medina is among these counties.

One farmer is said to have said, "We're panting for relief, and ants in our pants are for real."

Pecans from the groves at Holy Cross Catholic Church, D'Hanis, won more honors, as did other entries from Medina County, at the recent International Pecan Show held at the New Mexico State U.

Much of the credit for the progress of the area project should go to Fr. Victor. When I told him that once a few years ago he said, "Maybe I'd better go easy. Somebody called me Father Nuts at one of the shows!"

At last! the Alamo Area RC&D application has been accepted. Now it should be all systems go for the ambitious programs ahead.

I love newspapers, especially old ones which tell so much about life as it was lived in the long ago. Of course, I want the present day dailies, too -- and the Anvil Herald to keep in touch with the community I called home for some very happy years.

If I ever have to move again [perish the thought!] I think I'd choose to live in Worcester, Mass., at least for one spring and summer and then head right back to Texas.

That New England city has an old library housing almost three million old newspapers, property of the American Antiquarian Society, representing complete collections of 1496 of the original 2120 newspapers printed in the United States before the United States before the year 1821.

The files rest on five miles of shelves in the library's glass-floored stacks and begin with the nation's first regularly published paper, The Boston News-Letter, started in 1804. That's now 170 years ago. The Society was founded in 1812 by Isaiah Thomas, the Revolutionary War publisher of The Massachusetts Spy. Think of reading about that "point in time."

Be thinking now, constructively, about Hondo's need to construct a library building of its own. I know many eligible voters will have differences of opinion, which is why it is important for everyone to vote.

This year, on April 17, our library will have been in its presentation home [which it has now outgrown] for seven years. Time to move!

Sir William Osler [1849-1919], a Canadian born physician and a professor of note said this: "Money invested in a library gives better returns than mining stock." This, of course, was in a day when mining stocks were at a premium.

What money invested in a library today can do is to give better returns in knowledge and wisdom for the men and women of the future.

Here's some advice to insomniacs, not original, but very quote-worthy. Source, "Anon":

"Every day give your mind a good shampoo; empty the pockets of your mind before bedtime to have a restful night's sleep."

Blue Birds hold meetings

Happy Face Blue Birds

Jan. 23 -- The Happy Face Blue Birds visited Dorothy's Flower Shop. She taught us how to make flowers. We made flower decorations for our Father-Daughter Banquet to use on our lunch boxes. We had a very good time and we want to thank Mrs. Embry for having us there. Later we went to the Dairy Queen for refreshment. All members were present.

Jan. 30 -- We had our weekly meeting at the home of Monica Schulte. Cheryl Baker, the Presi-

dent called the meeting to order. Monica, the treasurer collected our dues. We had cookies and Big Red served by Velma Garcia. It was a beautiful and warm day. We enjoyed it by going for a long walk.

Those attending were: Cheryl Baker, Courtney Rogers, Janet Lutz, Monica Schulte, Velma Garcia, Annette Saathoff, Stacie Van De Walle, Thelma Villarreal, and Doris Topia.

Iota Upsilon meeting held

The Iota Upsilon Chapter of Epsilon Sigma Alpha held its regular monthly meeting in the home of Mrs. Vance Glenn Tuesday, Feb. 12, at 8 p.m.

Mrs. Bru Miller assisted as co-hostess.

Mrs. Buddy Groff and Mrs. Loyd Witte were in charge of the program. Continuing our theme of the year, "Love and Concern," Mrs. Witte gave a very interesting program, "Love, Sweet Love."

The business meeting was conducted by the president, Mrs. Dolores Wilson. After the meeting adjourned the hostesses served refreshments.

Fellowship group meets

The Morning Fellowship group of the United Methodist Women met in the home of Mrs. Horace Scheweers on Wednesday, Feb. 13, at 9:30 a.m.

The hostess served refreshments prior to the program given by Mrs. Elmer Faseler.

A discussion was held on forming small special interest groups. All members are looking forward to next month's meeting.

SENIOR WINNERS ... Mariette Aelvoet, Cathy Cox, and Karen Howard. Show include Kay Martin,

TOP WINNERS in the Junior Division, Medina County 4-H Food Show, were Elizabeth Schultz, Lisa Scheweers, Cathy Poerner, and Terri Lynn Foster.

That New England city has an old library housing almost three million old newspapers, property of the American Antiquarian Society, representing complete collections of 1496 of the original 2120 newspapers printed in the United States before the United States before the year 1821.

The files rest on five miles of shelves in the library's glass-floored stacks and begin with the nation's first regularly published paper, The Boston News-Letter, started in 1804. That's now 170 years ago. The Society was founded in 1812 by Isiah Thomas, the Revolutionary War publisher of The Massachusetts Spy. Think of reading about that "point in time."

Be thinking now, constructively, about Hondo's need to construct a library building of its own. I know many eligible voters will have differences of opinion, which is why it is important for everyone to vote.

This year, on April 17, our library will have been in its presentation home [which it has now outgrown] for seven years. Time to move!

Sir William Osler [1849-1919], a Canadian born physician and a professor of note said this: "Money invested in a library gives better returns than mining stock." This, of course, was in a day when mining stocks were at a premium.

What money invested in a library today can do is to give better returns in knowledge and wisdom for the men and women of the future.

Here's some advice to insomniacs, not original, but very quote-worthy. Source, "Anon":

Burrell-Lindsey vows said in D'Hanis church

The wedding of Miss Karen Ann Burrell and Jesse Monroe Lindsey III was celebrated Saturday January 5, 1974, at 5 p.m. in Holy Cross Catholic Church, D'Hanis.

Performing the double-ring ceremony was Rev. Victor Schmidtzy. Assisting at the Mass was Lector Louis E. Lutz of San Antonio, godfather of the bride. Servers were Joseph Nester, and Paul Enderle of Beaumont.

Mr. and Mrs. Walter Burrell of D'Hanis are the parents of the bride.

Mr. and Mrs. Jesse M. Lindsey Jr. of Pearsall are the groom's parents.

Preceding the ceremony August Rothe entertained the guests with several numbers on the organ, selected by the bride and groom. Organist Mrs. Josie Finger played the Wedding March.

Soloist Henry Martin Finger of Hondo sang "The Lord's Prayer." The choir sang "Ave Maria" and "On This Day."

The bride, given in marriage by her father, chose a dress made of candlelight silk organza over slipper satin with pearl white re-embroidered alencon lace. It featured a scalloped lace neckline. The empire waistline was defined with alencon lace and scattered seed pearls.

Appliques of paneled lace accented the bodice. The Bishop sleeves were capped and cuffed with alencon lace. The A-line skirt paneled with lace and beaded pearls lengthened at the back of the skirt to form a circular chapel train. A chapel lace headpiece held her long veil of silk illusion. Her jewelry was a single strand of pearls, a gift from the groom. She carried a lace-edged linen handkerchief that an aunt carried in her wedding thirty-five years ago. For something blue, she wore a handmade garter worn by her sister in her wedding.

The bride carried a teardrop-shaped bouquet of cream sweetheart roses, baby's breath and holly. White ribbon tied in love knots trimmed the flowers.

Mrs. Joel Curtis of Comanche served her sister as Matron of Honor. The bride's matrons were Mrs. Walter John Burrell of Houston and Mrs. William Wauson of Corpus Christi.

Bridesmaids were Miss Marilyn Lindsey, sister of the groom, of Pearsall; Miss Mitzi Huie, cousin of the groom, Pearsall; and Miss Susan Enderle, cousin of the bride, Beaumont.

The attendants were attired in floor-length empire-style gowns of moss green crepe with deep-V necklines and attached elbow-length chiffon cape with standup collar.

In her hair each wore a

bow of moss green velvet ribbon accented with holly berries. They carried a nosegay of red carnations and holly with red and green velvet streamers.

Lara Lutz, cousin of the bride, was flower girl. She wore a floor-length empire-style gown of moss green crepe with bell-shaped sleeves.

Best man was Charles Curtis of Austin, brother of the groom. Groomsmen were Walter John Burrell, brother of the bride, Houston; Wayne Hastings, San Antonio; David McGehee, Pearsall; Arnold Saunders, Devine; and William Wauson of Corpus Christi.

Ring-bearer was Stephen Burrell, nephew of the bride, of Houston.

Ushers were Charles Burrell, D'Hanis; Richard Logan, Austin; Larry Lindsey, Fentress; and Tom Dryden, Houston.

For her daughter's wedding, Mrs. Burrell wore a floor-length pink crepe gown accented with a cranberry velvet cummerbund and silver accessories. Her corsage was pink carnations.

Mrs. Lindsey chose a salmon and green printed silk chiffon long dress with a full skirt and bell-shaped sleeves. Her flowers were salmon-colored rosebuds.

Following the ceremony a reception was held at the Parish Hall. The bride's book was presided over by Miss Jane Rothe.

The bride and groom's table was covered with a white linen cloth with moss green net overskirt and centered with an

arrangement of red gladiolas, red carnations, and white mums.

At one end of the table the bride's tiered white frosted cake was decorated with small red velvet bows and topped with a nosegay of holly and red and green velvet ribbon.

At the other end of the table, the groom's German chocolate cake and coffee were served.

Assisting in serving were Misses Kay Huesser, Sharon Santleben, Debbie Kile, Denise Floerke, Mary Alice Nester, all of D'Hanis; Melinda Lindsey of Pearsall and Mary Ellen Rock of San Antonio.

Joan Nester of D'Hanis was in charge of the gift table.

A round table of assorted cheeses, crackers, chips and dips, and sausages was in the center of the room. Two other tables were to the side with assorted sandwiches, chips, dips, polish meatballs, jalapeno peppers, and relish trays.

Rehearsal Dinner

The rehearsal dinner for the Burrell-Lindsey wedding was held at the New Frontier Restaurant, Hondo, on Friday January 4.

Hosts were the groom's parents, Mr. and Mrs. Jesse Lindsey Jr. of Pearsall.

Guests were served tossed green salad, steak with baked potatoes, hot rolls, wine, coffee, and tea.

The bride and groom exchanged wedding gifts following the dinner and presented their wedding attendants their gifts.

LET'S TALK ABOUT ENERGY CONSUMPTION

Nationwide attention has recently been focused on the use and conservation of our nation's natural resources. Many theoretical studies have been conducted and from some of these studies have come claims that electric utilities are "wasting" natural gas by using it to produce electricity.

Oklahoma Gas and Electric Company has always believed that the efficiency of gas-burning equipment in the company's power plants is about the same as gas-burning equipment in homes. This led to the belief that the consumption of raw energy (natural gas) would be about the same in either a total electric home or a home using a combination of gas and electricity.

A recent metered study conducted in the eastern United States confirmed that belief and, in fact, showed that the total electric buildings consumed significantly less raw energy per square foot than the combination-fueled buildings. Pretty strong evidence! However, OG&E felt that an exhaustive study of the local situation, backed by extensive metered data, would be even more beneficial to potential home builders and home buyers in their service area. So, the study was begun.

The study itself was not complicated. A total of 310 typical homes in the OG&E service area were selected at random. Some of the homes had been converted from combination fuel to total electric and in the process had received additional insulation. Others used gas for all possible applications, including air conditioning. Some were built as total electric homes.

Gas and electricity bills were compiled for the two-year period covered by the study. The bills not only showed cost of service, but also the consumption of electricity in kilowatt hours (KWH) and gas in thousands of cubic feet (MCF).

Through simple calculations, it was relatively easy to arrive at the raw energy consumption for the different types of homes. THE TOTAL ELECTRIC HOME USES ABOUT THE SAME (AND IN SOME CASES LESS) RAW ENERGY PER SQUARE FOOT THAN "COMBINATION" FUELED HOMES. WHEN THE COMBINATION HOME HAS GAS AIR CONDITIONING THE TOTAL ELECTRIC HOME USES SIGNIFICANTLY LESS RAW ENERGY PER SQUARE FOOT. CONCLUSION: BURNING NATURAL GAS TO PRODUCE ELECTRICITY IS NOT A WASTEFUL USE OF OUR NATURAL RESOURCES. QUITE THE CONTRARY. IT IS AN EFFICIENT AND DESIRABLE USE OF NATURAL GAS.

National Library Week set

National Library Week in Texas will be observed this year April 21-27, according to a letter received by Hondo Public Library from Mrs. Dolph Briscoe, state chairman.

"Each year during National Library Week, Texas librarians focus community attention on the materials and services their libraries provide," writes Mrs. Briscoe. "This year there is a special opportunity to do not only this but also to draw Texans' attention to the needs of their libraries."

"Governor Briscoe has called the 1974 Governor's Conference on Libraries in Texas for April 17 in Austin," Mrs. Briscoe continues. "People from all over the state will discuss the needs of Texas residents for library services. They will analyze the investment needed to provide adequate collections of materials, easy access to these collections and competent staff to make library services available."

The Marcellus Garrisons have contributed a memorial to Harrison Wilson and Alfred Rohrbach. Another memorial to Alfred Rohrbach was received from Rene and Rose Aelvoet. Virginia Clift gave a memorial dedicated to Edith Sacotnik of Westville, Ill.

Many varied magazines have been donated to the library by W. F.

Gaudain, the Paul Reilly family and Robert Zuberbuehler.

Other contributions came from Catherine Gros mystery novels and paperbacks; Virginia Clift, books; Ethel Mae Meeks, paperbacks; Hattie Laughinghouse, paperbacks; Mrs. N. C. Johnson, books and Mr. and Mrs. O. M. Redus, paperbacks.

John R. Tally of San Antonio has added to library shelves a fine selection of reference and reading material. Included in this are "Great Ages of Man," seven volumes; Ted Sorensen's "Kennedy"; "Hardy Encyclopedia of Science," full set of four volumes; "The World of Mathematics" by James Newman, four volumes; "Concept in Western Thought," three vol-

umes, and many other books.

Several Literary Guild selections are now available to readers. These are "A Collection of Poems by Alfred Tennyson," "Davy Crockett" by Constance Rourke, "Courage and Hesitation Notes" by Allen Drury and "Falling Bodies" by Sue Kaufman. Mrs. Lottie Maw, librarian, assures all donors that "Their gifts are deeply appreciated and needed. Because of them, the library grows daily and is daily more able to meet the needs of the community."

Don't forget those overdue books; they are needed. Regular library hours are 11:30 a.m. to 5:30 p.m., Monday through Friday, but the bookdrop is always open.

Mail costs to hit \$110,550 in 1974, article reveals

[Special to Anvil Herald]

NEW YORK -- For business establishments and for the general public in Hondo, it will cost more to use the mails in 1974.

It is estimated, based upon their expenditures in prior years, that they will have to spend an additional \$15,100 in the next 10 months.

The added cost, which comes to about 15.8 percent, is the result of rate increases that will be put into effect by the U. S. Postal Service on March 2nd.

The Postal Service came into being in 1971, replacing the former Post Office Department. It is a semi-autonomous body, free of Congressional control.

This is the second rate hike it has put through since its inception. In May, 1971, it boosted rates by 21 percent.

To a large extent, states Postmaster General Elmer T. Klassen, the added revenue will be used to cover the wage increase of 14 percent over two years that was granted to its 650,000 union employees last year.

The Postal Service had sought to increase its revenues by \$1.5 billion, or

18.7 percent above the 1973 level. The Cost of Living Council, however, decided that this was excessive and reduced it to \$1.3 billion.

What it means, for the average Hondo citizen using the mails, is that 10 cents in stamps will have to be put on letters rather than 8 cents, that 13 cents will be required for airmail letters instead of 11 cents and that 8 cents will be needed on postcards, 2 cents more than before.

For a local resident who mails an average of one letter a day, the added cost in a year will be \$7.30.

For commercial mailers,

chiefly newspaper and magazine publishers who use second class, the rate increase is especially high, about 39 percent over the next few years.

Third class mail, used mostly for advertising matter, and fourth class, for books, records and the like, will also be more costly.

On the basis of the latest official figures, expenditures in Hondo last year for postal services came to an estimated \$95,400.

During the current fiscal year, the total is expected to climb to about \$110,500.

It takes more than optimism!

The farmer/rancher is an eternal optimist. He must be-- to contend with such imponderables as weather, prices and costs.

Yet, it takes more than optimism in today's high cost agriculture. It takes an organization the farmer/rancher knows he can count on. Farm Bureau is such an organization. That's why four out of five farmers in the nation are members of Farm Bureau.

Farm Bureau works for agriculture on three broad fronts--

1. TO INCREASE ECONOMIC OPPORTUNITY--Through effectiveness in Public Affairs (policy development & legislative activities)
2. TO STRENGTHEN FARMERS' COMPETITIVE POSITION IN MARKETPLACE--Through marketing programs, commodity activities, market expansion
3. TO CONTROL PRODUCTION COSTS--Through group purchasing (tires & batteries), insurance protection (fire, life & casualty), group insurance (medical care)

at a public hearing of the Parks and Wildlife Commission. Clayton T. Garrison, executive director of P&WL, said in a letter to Timmerman: "... this is a well-deserved tribute to you for your many years of dedicated service to the Department and to the people of Texas. Let me take this opportunity to congratulate you again and to thank you for your continued support to the programs of the Parks and Wildlife Department."

Curtis is Comanche Co. entomologist

Joel E. Curtis, a December 1973 graduate of Texas A&M University, has assumed the duties of Comanche County Extension Entomologist January 11, 1974, according to John E. Burleson, District Extension Agent of Stephenville.

The Entomologist's primary duties will be devoted to implementing the Peanut Pest Management program in Comanche County, under the direction of Dr. C. E. Hoelscher. His duties will also consist of consulting the people of Comanche County with their insect problems.

Joel is a native of Pearsall in Frio County, and is the son of Mr. and Mrs. Sam Curtis of that city. A graduate of Pearsall High School, he attended Southwest Texas Junior College, University of Hawaii, and obtained his B.S. degree from Texas A&M University. While working on his undergraduate curriculum, Joel worked for the Experiment Station in the Peanut Entomology division under the direction of Dr. J. W. Smith.

Joel was detoured in the middle of his education for four years by the U. S. Navy and spent most of his tour on the islands.

Joel and his wife, the former Janet Burrell of D'Hanis, daughter of Mr. and Mrs. Walter Burrell have one child, Jeff who is 14-months old. Mrs. Curtis has worked all of her married life as a secretary and is now employed with Sudderth, Woodley, and Dudley Law Office in Comanche.

Lee to head Easter Seals

Allen C. Lee will head the 1974 Easter Seal Appeal in Medina County, it was announced by Thomas N. Jenness, Jr., Fort Worth, President of the Easter Seal Society for Crippled Children and Adults of Texas.

Residents of Medina County will receive the annual Easter Seal Appeal letters in the mail beginning March 1. The Easter Seal Appeal, conducted yearly to provide treatment and services to disabled persons and their families, will continue through Easter Sunday, April 14.

Lee is one of 223 men and women throughout Texas who are serving in this capacity. The cost of the statewide Easter Seal program is over one million dollars, financed mainly by the Easter Seal Appeal. Almost 90 percent of all funds raised by the Texas Easter Seal Appeal remain in Texas to support the growing needs of the disabled in the State.

Special emphasis is being given in the 1974 Easter Seal Appeal to the disabled citizen in the County who may need assistance and not know where to obtain it. Any disabled person can contact Lee at Drawer K,

Hondo 78861 to receive the request form for a determination of the extent and type of assistance needed and the most efficient means of obtaining that assistance. Arrangements for qualified treatment or services will be made by the Texas Easter Seal Society.

Gospel meeting in Sabinal

A week-long Gospel Meeting is set for February 17-22 in Sabinal, according to the Sabinal Church of Christ. Special services will be held 11 a.m. and 6 p.m. Sunday February 17. Services Monday through Friday will be at 7 p.m.

Preacher for the meeting will be Ralph Starling of Stephenville.

Sunday at 3 p.m. there will be group and congregational singing. The Sabinal Church of Christ is located on Highway 127 North.

Sigma Tau meets

The February meeting of Sigma Tau was held at the home of Mrs. Madis Keath. Mrs. Keath and Mrs. Diane Brown were hostesses to the members who enjoyed finger sandwiches, a delicious Lemon Sour Cream Cake, tea and coffee.

Plans were finalized for the Pot Luck Supper Saturday, February 16th at 7:30 p.m. at the Firehouse. The theme of the evening will be "The 50's" featuring clothing and music of the time.

A Tupperware party is being planned in April to be held at the home of Mrs. Beverly Gruber.

BE HONEST WITH YOUR HEALTH

Too often, people will try to convince themselves that very evident symptoms of an illness do not really exist or will disappear if they will just forget about them. This type of attitude can only lead to more serious problems in the long run. A disease in its earliest stages is usually much easier to treat and cure.

Never be afraid to find out about something that is bothering you. Most often your doctor will be able to diagnose your problem quickly. Then, not only will you be feeling better physically but you will have great mental relief as well.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

A GREAT MANY PEOPLE EN TRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy? We welcome requests for delivery service and charge accounts.

RECEIVES AWARD -- August Timmerman, left, is shown in Austin when he received the Shikar-Safari International Award

at a public hearing of the Parks and Wildlife Commission. Clayton T. Garrison, executive director of P&WL, said in a letter to Timmerman: "... this is a well-deserved tribute to you for your many years of dedicated service to the Department and to the people of Texas. Mail costs to hit \$110,550 in 1974, article reveals

[Special to Anvil Herald]

NEW YORK -- For business establishments and for the general public in Hondo, it will cost more to use the mails in 1974.

It is estimated, based upon their expenditures in prior years, that they will have to spend an additional \$15,100 in the next 10 months.

The added cost, which comes to about 15.8 percent, is the result of rate increases that will be put into effect by the U. S. Postal Service on March 2nd.

The Postal Service came into being in 1971, replacing the former Post Office Department. It is a semi-autonomous body, free of Congressional control.

This is the second rate hike it has put through since its inception. In May, 1971, it boosted rates by 21 percent.

To a large extent, states Postmaster General Elmer T. Klassen, the added revenue will be used to cover the wage increase of 14 percent over two years that was granted to its 650,000 union employees last year.

The Postal Service had sought to increase its revenues by \$1.5 billion, or

18.7 percent above the 1973 level. The Cost of Living Council, however, decided that this was excessive and reduced it to \$1.3 billion.

What it means, for the average Hondo citizen using the mails, is that 10 cents in stamps will have to be put on letters rather than 8 cents, that 13 cents will be required for airmail letters instead of 11 cents and that 8 cents will be needed on postcards, 2 cents more than before.

For a local resident who mails an average of one letter a day, the added cost in a year will be \$7.30.

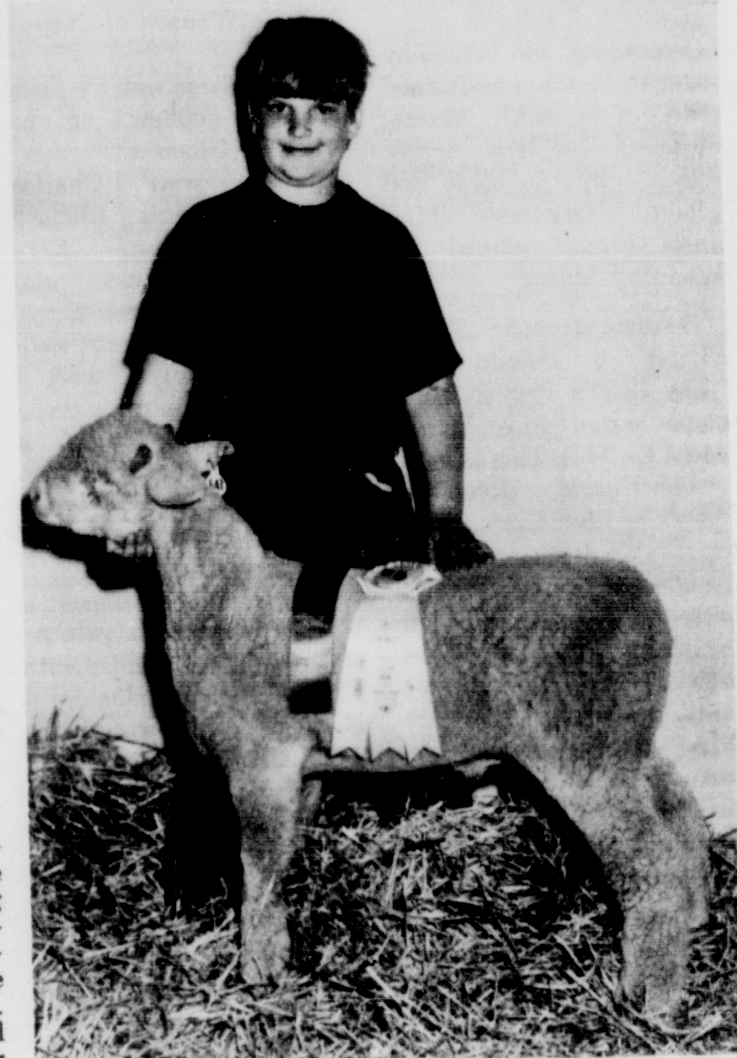

For commercial mailers,

chiefly newspaper and magazine publishers who use second class, the rate increase is especially high, about 39 percent over the next few years.

Third class mail, used mostly for advertising matter, and fourth class, for books, records and the like, will also be more costly.

On the basis of the latest official figures, expenditures in Hondo last year for postal services came to an estimated \$95,400.

During the current fiscal year, the total is expected to climb to about \$110,550.

It takes more than optimism!

The farmer/rancher is an eternal optimist. He must be-- to contend with such imponderables as weather, prices and costs.

Yet, it takes more than optimism in today's high cost agriculture. It takes an organization the farmer/rancher knows he can count on. Farm Bureau is such an organization. That's why four out of five farmers in the nation are members of Farm Bureau.

Farm Bureau works for agriculture on three broad fronts--

1. TO INCREASE ECONOMIC OPPORTUNITY--Through effectiveness in Public Affairs (policy development & legislative activities)
2. TO STRENGTHEN FARMERS' COMPETITIVE POSITION IN MARKETPLACE--Through marketing programs, commodity activities, market expansion
3. TO CONTROL PRODUCTION COSTS--Through group purchasing (tires & batteries), insurance protection (fire, life & casualty), group insurance (medical care)

Winter is crucial time to report screwworms

MISSION, Tex. -- Winter months give the stockman his best chance to prevent a disastrous screwworm infestation this coming summer and fall, says M. E. Meadows Jr.

He is veterinarian in charge of the USDA's Screwworm Eradication Program. Screwworm cases in the United States are heading toward their winter lows... the time when efforts to eradicate this flesh-eating pest are most effective.

Knowing where each and every case occurs allows all weapons of the eradication program to be used at each specific occurrence, says Meadows. Pressure to eradicate the wild screwworm fly was most intense in Webb and Zapata Counties the week ending January 19 because these were the only

counties with reported infestations. Real County had a positive case on January 21.

Some larval samples submitted to the identification laboratory at program headquarters, however, were mature enough to raise fears that new flies are pupating in the ground. These fertile flies can emerge any time during the next six weeks. Only continued vigilance by livestock owners, and immediate reporting of each suspected case, can allow the program to prevent an epidemic in 1974.

Battle plan of the eradication program is to try to eradicate screwworms in their south Texas and northern Mexico over-wintering areas each year.

HONDO NATIONAL BANK awarded trophies to grand champions in each division. They are

Hondo featured in brochure

Hondo will be featured in the new South Texas Chamber of Commerce tourist brochure to be released this week.
The brochure is part of a total promotional package that will include newspaper travel page advertising, participation in the Chicago Travel Show, news releases and feature stories on vacation opportunities in South Texas and a special travel guide edition of the South Texan magazine this spring.
The campaign will be aimed at attracting mid-westerners to South Texas instead of more distant east and west coast destinations and encouraging Texans to vacation near home.
In addition to a fun map of the area covered by the regional chamber, the

Bank, Vicky Boehme, Johnny Kalinowski, Rusty Dickinson, and Michele Biediger.

Gary Saathoff honored

Gary Saathoff, son of Mr. and Mrs. Hugo A. Saathoff of Tarpley Rte., returned from the National Range Youth Forum after having been elected Co-Chairman there.
Gary is the first from this area to attend the national Range Youth Forum. He was selected on the basis of his leadership ability and his presentation of his topic selected for the forum. It covered range conditions, and brush control in Medina County.
The Hondo FFA Chapter and the Medina County Soil Conservation Service feel very proud to have Gary represent them at the National Forum.
Gary, because of being elected co-Chairman, will attend the Range Forum in Mexico City next year.

Dog Care 4-H group to meet

The 4-H Dog Care and Training Group will meet Wednesday, February 20, at the County Jr. Livestock Show Barn, on the airfield property.

Tuesday night was spent in Victoria with the John Tondre family and a visit with the John Tondre Jr.

Texas Tech students, Gail Rothe and Betsy Herrmann, spent the weekend in the home of their parents, the Lawrence Rothes and the Dan Herrmanns. Accompanying them was Betsy's college roommate, Robin White, whose home is Guadalajara, Mexico. Others who joined the Herrmann family were Mr. and Mrs. Stan Reinhard and sons of San Saba and the Dennis Herrmanns of San Antonio.

Mrs. Ben Zerr, Mr. and Mrs. Maurice Koch and Mrs. Pauline Scott were in San Antonio on Thursday where they visited Mrs. Lester Zerr who is recovering satisfactorily at home following recent surgery. They also visited in the Tom Wall home.

Overnight guests on Saturday and Sunday in the home of Mrs. Pauline Scott and Marilyn were Mr. and Mrs. Donald Scott and daughter, Jvonne, of Natalia.

Livestock pool reaches record

Contributors and money contributed to the central pool for the Junior Livestock Show showed a sizeable increase this year, figures released by the Hondo Chamber of Commerce indicate.

The 1974 totals showed 41 contributors donating \$950. Last year the figures were 34 and \$795.

Again Tom Hollmig served as buyer for Hondo Merchants. He spent some \$948.49, thus leaving a balance of \$92 for 1975. The 1973 balance stood at \$90.00.

Winter is crucial time to report screwworms

MISSION, Tex. -- Winter months give the stockman his best chance to prevent a disastrous screwworm infestation this coming summer and fall, says M. E. Meadows Jr.
He is veterinarian in charge of the USDA's Screwworm Eradication Program. Screwworm cases in the United States are heading toward their winter lows... the time when efforts to eradicate this flesh-eating pest are most effective.
Knowing where each and every case occurs allows all weapons of the eradication program to be used at each specific occurrence, says Meadows. Pressure to eradicate the wild screwworm fly was most intense in Webb and Zapata Counties the week ending January 19 because these were the only

counties with reported infestations. Real County had a positive case on January 21.
Some larval samples submitted to the identification laboratory at program headquarters, however, were mature enough to raise fears that new flies are pupating in the ground. These fertile flies can emerge any time during the next six weeks. Only continued vigilance by livestock owners, and immediate reporting of each suspected case, can allow the program to prevent an epidemic in 1974.

Battle plan of the eradication program is to try to eradicate screwworms in their south Texas and northern Mexico over-wintering areas each year.

FFA NEWS

Two Hondo FFA boys will be in the San Antonio Fat Stock Show Calf Scramble this week. Bill Ward on Wednesday night, Feb. 13, and Jimbo Amberson on Thursday night, Feb. 14.

A calf scramble is held during each performance of the Rodeo. Under the rules of this scramble FFA or 4-H boys must be from 10 to 15 years of age. The first boy to catch a calf and bring him across the finish line will receive \$100.00 purchase certificate to be used in the acquiring of a productive livestock project.

The prize certificates range from \$100.00 for first place down to \$30.00 for 10th place. Half of the boys in the scramble will not come out with a prize. They must properly place the halter on the calf and lead, pull or push him over the finish-line to qualify for the purchase certificate.

The boy must properly care for the animal he buys with this certificate before full ownership of the animal is his.

The productive project must be supervised by the Vocational Agriculture teacher or the County Agent.

Regular Meeting

Hondo FFA chapter held a regular meeting Monday night and voted to hold a chicken barbecue on Saturday, March 16, as a fund raising activity.

Plates will be delivered at the Hondo High School Cafeteria from 11:00 a.m. until 12:30 p.m.

All FFA members will be selling tickets for this fund-raising drive.

Only those who have tickets will be able to pick up chicken dinners.

Owls whip Pearsall, Dilley

Hondo closed out its basketball season with two wins, to put the Owls in second place at the close of regular season play.

Medina Valley will represent the district in future playoffs.

Last Friday night the Owls outscored Pearsall 69-55 to take a surprisingly easy victory. Tuesday evening in Dilley it was closer as the Owls downed the Wolves 58-53.

PEARSALL

Friday night was a battle between the Tall Men, David Studdard of Pearsall and Paul Richards of Hondo. Studdard edged Richards in the total-points area, 23-21. But the other Owls picked up the difference handily. Bobby Rios, a Junior who will return next season, dumped in 16 points. Mike Groff added 12, and Ray Garcia 11. Tony Hackbeil, the other Owl player, scored 9. Those five were on the court all night. No substitutions were made throughout the game by Hondo.

For Pearsall, Hank Carroll was second-highest with 12 points. He was followed by Pat McGehee with 8, Chuck Carroll and Richard Trujillo with 4 each, and Rudy Trevino with 2.

Taking a 21-14 first quarter lead, the Owls were matched 14-14 in the second period to lead 35-28 at halftime. But Hondo outscored Pearsall in both the second half periods to win convincingly.

DILLEY

The season's final game was on the Dilley home court, but the Owls made themselves at home. Mike Groff had an incredible 18-point second half to gather 24 points for Hondo.

Foul-plagued Richards and Hackbeil each scored 11. Garcia had 10, and

McAnelly 2.

For Dilley, Kelly Shull was the leader with 17 points. He was followed by Mark Mattingly with 15, Richard Ewald and Gib Wharton with 10 piece, and Rudy Garcia with 1.

Taking a slim 24-21 halftime lead, Hondo stood off a furious final period attack to save the victory at 58-53.

Final record for the Owls in 1973-74 was 9-2 in district play.

Freshmen disappointed in final game

The Freshmen didn't have it so good. Friday night was to be their last game, and Pearsall hung a close 42-39 victory on the Hondo Frosh team.

Sinon Valdilles scored 11 points for Hondo, and Blake Boehle added 10 more, but Pearsall had yet another Studdard brother with 15 points, followed by Lira with 10.

The Hondo team at one time led 17-4 at the first period's end, and held on to a 23-16 lead at halftime.

The Freshmen finished out the year at 4-7.

David Studdard [52] of Pearsall tries to outreach Mike Groff as the Owl takes a shot Friday night. Owls won, 69-55.

B-Team closes out season with two wins

The Hondo B-Team closed out their season along with the Varsity Tuesday night. They did it right, with a 76-45 victory over the Wolves. That made another perfect week, since they downed Pearsall 61-54 last Friday night.

Leading the effort against Pearsall were Augie Mendoza and Gabriel Lopez. Mendoza sank 20 points, and Lopez had 18. Also in double figures for Hondo was David Knowles with 12 points.

Eric Taylor had 10

points for Pearsall, second-ed by Larry Lawler with 13.

Against Dilley, Knowles was the leader for Hondo with 20 points. This time it was Randall Hare with

18 points and Alex Mendoza with 13.

It was the twelfth victory in a row for the Jr. Varsity, who closed out at 13-4.

Cowboys capture district

D'Hanis Cowboys are District Champions for the second year in a row.

Thursday night they defeated Knippa 78-49 in the final regular-season game of the year.

Probable date for the bi-district contest with Utopia is February 25, but that date is tentative. As yet no site has been decided upon. The two teams have met once this season, in an early non-district tournament. Utopia won that game by ten points.

Charles Hood led both teams with his 19-point

total. Doug Kempf followed closely with 17. Other scorers for the Cowboys were Bobby Joe Rothe with 13 points, Albert Rodriguez with 9, Richard Rothe 8; Ronnie Rothe and Frank Sandoval with 4 each; Eric Rothe with 2, and Daniel Rodriguez and Joe Gonzales with 1 each.

For Knippa, Kenneth Meyer had 12 points, and Jimmy Contreras added 10.

The Cowboys had no trouble as they took a 28-14 first-quarter lead, then went on to a 45-23 halftime margin.

After the half, D'Hanis reserves dotted the lineup, but the Cowboys continued the scoring. Knippa managed to outscore D'Hanis 16-11 in the final quarter, but it was out of reach by that time.

The D'Hanis Cowboys will play a non-district game against Natalia tonight at 7:30 in the D'Hanis gym. The game will be designed to keep the Cowboys sharp for their upcoming bi-district battle with Utopia, set for February 25 or 26. Site of that game is also indefinite.

Cowgirls

The Cowgirls of D'Hanis defeated the Knippa girls to post their third victory of the season. Taking a close 11-8 first-quarter lead, D'Hanis took advantage of hte cold-shooting Knippa girls to lead 20-12 at the half, 34-16 at the third quarter's end, and finally win 44-21.

D'Hanis was led by Terry Carle, who netted 22 points. Next in order were Jenny Kile with 9 points, Becky Santeleben with 2, and Beverly Hood with 1. R. Alvarado led Knippa with 13 points.

BASEBALL

Any person interested in summer baseball who wishes to take over management of the Pruneda baseball park for the summer, please be present at the special meeting of the Pruneda Post, American Legion, Thursday, February 21, at 7:30 p.m.

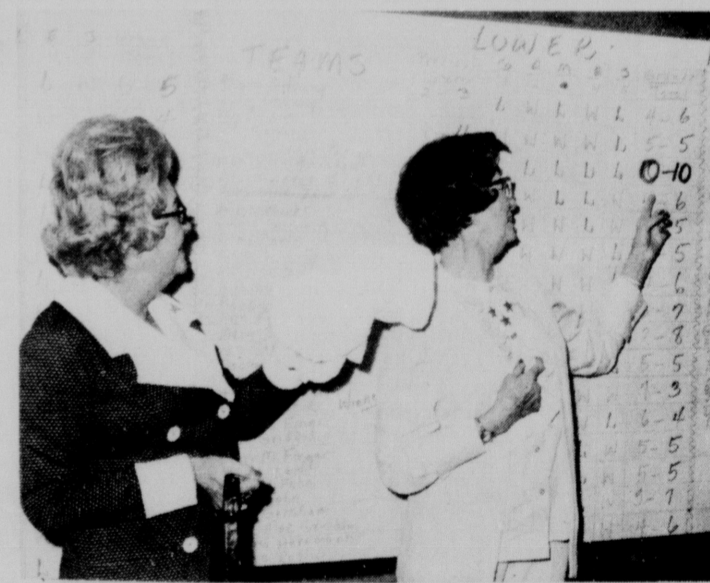

DISTRICT 14-B WINNERS... for the second season in a row are the D'Hanis Cowboys. The Cowboys will go against Utopia for bi-district February 25. They are [left to right] Front row: Albert Rodriguez, Eric Rothe, Bobby Joe Rothe, Wayne

Formann, Coach Herman Schlott. Middle row: Charles Hood, Frank Sandoval, Richard Rothe, Doug Kempf, and Manager Mario Reyes. Back row: Ronny Rothe, Daniel Rodriguez, Steve deLeon, Joe Gonzales, and Glenn Matthews.

1974 ROOK CHAMPIONS... for the Upper Flight were Julius and Gladys Schmidt [at left]. Their score of 9-1 tied with them with Joseph Koch and Charles Saathoff, but

a playoff game put the Schmidts on top. Lower Flight winners with a 7-3 record were Connie Koch [right center] and Bernice Finger. Photo by Whitey Zinsmeyer.

ALL THE WAY FROM BAYTOWN... came Mrs. Buddy Bray and Mrs.

Reba Bradshaw, to compete in the D'Hanis Rook Tournament. Though they "never enjoyed two week-ends more", the ladies became the first Rook players ever to score 0-10 in ten games. Mrs. Bray [left] holds their prize, a gift-wrapped carton of eggs. Due to a goose-egg shortage in D'Hanis, the couple was presented with Grade A Large. Photo by Whitey Zinsmeyer.

Thanks a lot! Crab grass is not native to the United States, it had to be brought over from Europe!

TWO 62Y--Yellow Endosperm--Hybrid Sorghum
MATURITY: Medium--105-115 days HEIGHT: 38" - 46"
DISEASE RESISTANCE: Resistant to smut, MDMV and anthracnose--tolerant to downy mildew.

This has got to be one of the finest grain sorghums available today. This variety has the ability to yield record amounts from Colorado to the Valley of Texas. The head type of this sorghum is an open type that gives you hurry-up drying; good head exertion meaning good harvesting. The stalks of this hybrid are extremely strong with a big root system which makes TWO 62Y stand as long as any hybrid sorghum. The large leaves produce heavy foliage for shading of soil to preserve moisture also to be utilized as roughage for cattle after the grain has been harvested. TWO 62Y has top feeding quality and has a grain color of red over yellow. This variety is recommended for both dryland and irrigated areas.

The D'Hanis Cowboys will play a non-district game against Natalia tonight at 7:30 in the D'Hanis gym. The game will be designed to keep the Cowboys sharp for their upcoming bi-district battle with Utopia, set for February 25 or 26. Site of that game is also indefinite.

Cowgirls

The Cowgirls of D'Hanis defeated the Knippa girls to post their third victory of the season. Taking a close 11-8 first-quarter lead, D'Hanis took advantage of hte cold-shooting Knippa girls to lead 20-12 at the half, 34-16 at the third quarter's end, and finally win 44-21.

D'Hanis was led by Terry Carle, who netted 22 points. Next in order were Jenny Kile with 9 points, Becky Santleben with 2, and Beverly Hood with 1.

R. Alvarado led Knippa with 13 points.

BASEBALL

Any person interested in summer baseball who wishes to take over management of the Pruneda baseball park for the summer, please be present at the special meeting of the Pruneda Post, American Legion, Thursday February 21, at 7:30 p.m.

TALL CENTER

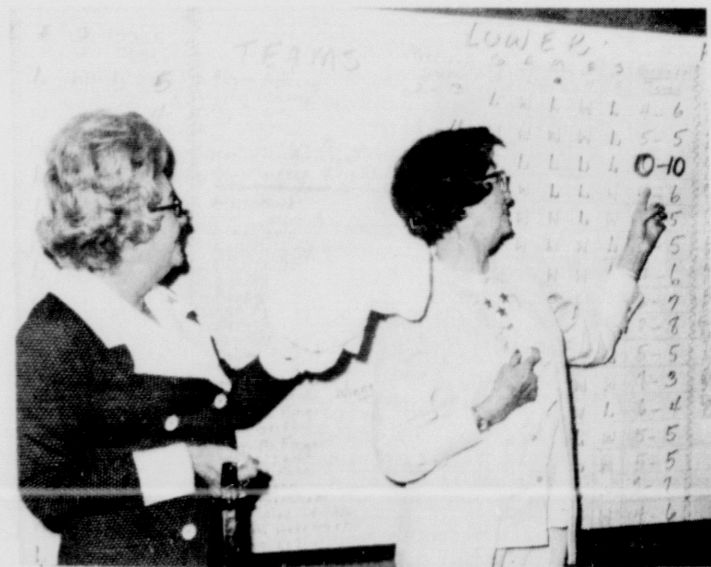

David Studdard [52] of Pearsall tries to outreach Mike Groff as the Owl takes a shot Friday night. Owls won, 69-55.

DISTRICT 14-B WINNERS... for the second season in a row are the D'Hanis Cowboys. The Cowboys will go against Utopia for bi-district February 25. They are [left to right] Front row: Albert Rodriguez, Eric Rothe, Bobby Joe Rothe, Wayne Formann, Coach Herman Schlott. Middle row: Charles Hood, Frank Sandoval, Richard Rothe, Doug Kempf, and Manager Mario Reyes. Back row: Ronnie Rothe, Daniel Rodriguez, Steve deLeon, Joe Gonzales, and Glenn Matthews.

1974 ROOK CHAMPIONS... for the Upper Flight were Julius and Gladys Schmidt [at left]. Their score of 9-1 tied with them with Joseph Koch and C harles Saathoff, but a playoff game put the Schmidts on top. Lower Flight winners with a 7-3 record were Connie Koch [right center] and Bernice Finger. Photo by Whitey Zinsmeyer.

ALL THE WAY FROM BAYTOWN... came Mrs. Buddy Bray and Mrs.

Reba Bradshaw, to compete in the D'Hanis Rook Tournament. Though they "never enjoyed two week-ends more", the ladies became the first Rook players ever to score 0-10 in ten games. Mrs. Bray [left] holds their prize, a gift-wrapped carton of eggs. Due to a goose-egg shortage in D'Hanis, the couple was presented with Grade A Large. Photo by Whitey Zinsmeyer.

Thanks a lot! Crab grass is not native to the United States, it had to be brought over from Europe!

MR. FARMER:

Are you looking for the best Milo Seed available? We invite you to check the following County Agent Field Tests on Texas Triumph Two 62Y

	Yield	Rating in Test Plot
Nueces County	3285	1st [Five Plot Average]
Palacios, Matagorda County	5822	1st
El Maton, Matagorda County	5790	2nd
Goliad County	3015	1st
San Patricio, Sinton County	4617	1st
Rio Medina, Medina County	3927	3rd

TWO 62Y--Yellow Endosperm-Hybrid Sorghum
MATURITY: Medium-105-115 days HEIGHT: 38" - 46"
DISEASE RESISTANCE: Resistant to smut, MDMV and anthracnose-tolerant to downy mildew.

This has got to be one of the finest grain sorghums available today. This variety has the ability to yield record amounts from Colorado to the Valley of Texas. The head type of this sorghum is an open type that gives you hurry-up drying; good head exertion meaning good harvesting. The stalks of this hybrid are extremely strong with a big root system which makes TWO 62Y stand as long as any hybrid sorghum. The large leaves produce heavy foliage for shading of soil to preserve moisture also to be utilized as roughage for cattle after the grain has been harvested. TWO 62Y has top feeding quality and has a grain color of red over yellow. This variety is recommended for both dryland and irrigated areas.

DOWN WITH DST. State Rep. John H. Poerner of Hondo shows his disdain for Daylight Savings Time by turning back the hands of an old-fashioned clock. A petition asking for a special legislative session to exempt Texas from DST has been drafted by

the Medina County legislator and is now being circulated among Constitutional Convention delegates prior to being sent to Gov. Dolph Briscoe for action. Poerner has opposed DST for years and was the first legislator to submit a bill against it back in 1971.

Clark attends reunion

Sgt. and Mrs. Ollie Clark attended the reunion of the 12th Recruit School of the Texas Department of Public Safety, in Austin on January 31.

After a business meeting in the afternoon the group had dinner and saw the play "I Do, I Do" at the Country Dinner Playhouse which is a theater in the round.

The next day Sgt. Clark was voted into the Quarter-Century Club of the DPS, an organization of those employees who have completed twenty-five years or more in that department.

Mrs. Clark attended the Ladies luncheon in the Driskill Hotel, where an outstanding program by a group of Japanese women of Friendship International was presented.

Another event of the day was the graduation exercises of the current recruit school. One of these men, Curtis Walker, is coming to Hondo to work with Sgt. Clark.

The evening was highlighted by a formal banquet in the Madrid Room of the Sheraton Crest Inn.

Each new member was presented with a certificate of membership and a diamond studded pin by Glen H. McLaughlin.

Sgt. Clark has headed the 4-county area of Frío, Medina, Banderita and Uvalde with headquarters in Hondo since 1967. Mrs. Clark is a math teacher at Hondo High School.
